The Objectives of 2024 Biennial Review

Oklahoma State University (OSU) is committed to maintaining an environment that supports the health and wellbeing of its community members, while discouraging the illicit use of drugs and alcohol. OSU demonstrates this commitment through the continuous development of policies, programs, and services that support healthy lifestyles. The intent of this document is to meet the legal requirements of conducting a biennial review and summarize the various activities and programs that occurred at OSU as they relate to drug and alcohol prevention during the 2022-2023 and 2023-2024 academic years. In accordance with the Cleary Act, biennial reports are maintained for seven years. The biennial report is available online on the Drug and Alcohol Prevention Program page of the Office of Student Conduct's website.

As required by the Drug Free Schools and Community Act, Oklahoma State University is required to publish a biennial review every two years to review the progress of alcohol and other drug prevention measures. The report will meet the following six requirements, as set forth by the Act:

1. Documentation of all alcohol and drug cases adjudicated at the institution and the accompanying sanctions issued for these violations.
2. Copies of the policies distributed to students and employees.
3. Identification of alcohol and drug programming that occurs on the university campus and a summary of their strengths and weaknesses.
4. Review of the university's alcohol and drug related policies, procedures, programming, and intervention methods.
5. Procedures for distributing annual alcohol and other drug notifications to students and employees.
6. Recommendations for revising alcohol and other drug policies, procedures, programs, and overall coordination.

Introduction to Oklahoma State University

Core Values

Community – Foster a strong sense of community based on shared governance among student, faculty, staff and administration.

Respect– Respect and value all individuals, beliefs and opinions.

Service – Serving others is a noble and worthy endeavor and distinguishing feature of a land-grant institution.

Excellence – Seek excellence in all endeavors and commitment to the principles of truth and honesty.

Integrity – Commitment to the principles of truth and honesty.

Intellectual Freedom – Believe in ethical and scholarly questions that respect the rights of all to freely pursue knowledge.

Steward of Resources – Dedicated to the efficient and effective use of resources and sustainability.

Mission Statement

Building on its land-grant heritage, Oklahoma State University promotes learning, advances knowledge, enriches lives, and stimulates economic development through teaching, research, extension, outreach, and creative activities.

Core Values and Mission for Relevant Departments

Each department on campus has a mission or philosophy on how they will effectively obtain their goals. The following departments are relevant to the topic of this report and have been included below.

Campus Life

Every student should feel a sense of belonging on our campus. Campus Life programs and services strive to foster a welcoming community that celebrates and embraces each student's unique background, experiences, and perspectives. Campus Life provides comprehensive support services to address the diverse needs of our student body. We are committed to helping students overcome challenges and achieve their academic and personal goals. Active involvement in campus life is a cornerstone of the student experience. We offer many opportunities for students to engage in extracurricular activities, organizations, and events. Whether it's joining a student-led initiative, participating in a student organization, volunteering in the community, or serving as a peer mentor, we encourage students to explore their passions and interests beyond the classroom.

Intercollegiate Athletics

It is the mission of the Intercollegiate Athletics at Oklahoma State University to provide student-athletes with excellent opportunities to compete and win at the highest levels of college sports; to prepare student-athletes for lifelong contributions to society; to embrace equality, educational opportunity and diversity; to operate with fiscal integrity and compliance with NCAA, Big 12 Conference, and university guidelines; and to be a positive influence on the reputation and purposes of Oklahoma State University.

Department of Wellness

The Department of Wellness is committed to creating a healthy campus culture for students, faculty, and staff. The department seeks to promote healthy lifestyles and lifelong learning through the highest quality programs in the areas of recreation and wellness.

Fraternity and Sorority Affairs

The mission of the Office of Fraternity & Sorority Affairs is to serve and develop students by promoting student engagement, building a sense of belonging, and fostering critical thinking within the community at Oklahoma State University. The Office of Fraternity and Sorority Affairs is a part of Campus Life.

Housing and Residential Life

Our mission is to provide safe, affordable, accessible, and well-maintained residential communities, which encourage individuals to value learning, inclusion, citizenship, and community engagement.

OSU Police Department

To use proactive and professional law enforcement techniques to protect life and property, to enforce the law, and to prevent crime by making maximum use of available resources in partnership with the university community.

Student Conduct

The university's philosophy on student discipline is educational in nature. Oklahoma State University recognizes that students will make mistakes and, at times, decisions that do not align with personal values and university expectations. Student Conduct is charged with helping students reflect and learn from these decisions by holding them accountable for their behavior. Through the conduct process, Student Conduct assists students in ethical, personal, and intellectual development as well as developing character and integrity. Student Conduct offers education, challenge and support to students struggling with behavioral issues, and makes appropriate referrals to other resources as necessary. The Office of Student Conduct is part of the Campus Life.

Cowboy Community Standards

- **Integrity** – Exemplify honesty, honor, and respect for the truth in all of their actions.
- **Community** – Build and enhance their community. Understand and appreciate how decisions and actions impact others and are just and equitable in the treatment of all members of the community.
- **Respect** – Show positive regard for each other and for the community.
- **Responsibility** – Accept responsibility for learning, personal behavior, and future success, and appropriately challenge others to do the same. Use judgement, be trustworthy, and take personal responsibility for actions.

University Counseling Services

University Counseling Services offers mental health and support services for OSU students. We support the OSU mission through assisting students in improving the quality of life so personal and intellectual growth can be fostered, values can be clarified, and knowledge can be interrelated for use in improving the campus and larger environments for future generations. University Counseling Services is a part of the Department of Wellness.

University Health Services

University Health Services provides comprehensive medical care to ensure the well-being of the university community and preventative education in support of students' academic success.

- **Provide** remarkable and exceptional care.
- **Cultivate** an inclusive environment recognizing the value of every individual.
- **Collaborate** across the university community to enhance the overall student experience.
- **Lead** an exemplary model for college health.
- **Live** by The Cowboy Code.

This service is moderated by trained professionals to keep you safe and is available 24/7.</p>

Program Inventory

Oklahoma State University utilizes various methods to deliver its programming regarding the prevention of the illegal abuse of alcohol and other drugs. In this section you will find they have been separated into three categories: Events, Programs, Campaigns, and Outreach, Peer Education Initiatives, and Administrative Contributions.

Events, Programs, Campaigns, and Outreach

Alcohol Awareness Week

Every year multiple departments from across campus collaborate on the annual Alcohol Education Week. Some of these departments include: The Alcohol and Substance Abuse Center, Oklahoma State University Police Department, Student Conduct and the Department of Wellness. In the past this week has included presentations on the dangers of drinking and driving through a Victim's Impact Panel or Topsy Tricycles. It also has hosted presentations highlighting the responsible use of alcohol.

Annual Fraternity and Sorority Chapter Officers' Retreat

Fraternity and Sorority Affairs host an annual Chapter Officers' retreat that addresses risk management concerns and best practices for chapters on responding to risk concerns. These risk concerns can include those related to the illegal use and abuse of alcohol and other drugs, in addition to other areas of risk.

Athlete Presentations

The Athletic Department hosts presentations on alcohol and substance abuse, one for the football team in the Fall, and one for all student-athletes during the Spring semester.

House Director Orientations

Fraternity and Sorority Affairs hosts annual House Director orientation designed to help those directors recognize students who may need assistance regarding the illegal use and abuse of alcohol and other drugs.

Late Night and Other Programming

Various departments on campus provide a multitude of events and programs during nights and on the weekends. While some events focus on the promotion of legal and responsible use of alcohol and drugs, these events also provide opportunities to meet people, and have fun in a safe and alcohol free and drug free environment.

Mocktail-gate

1 is 2 Many partnered with the Department of Wellness and many other campus organizations to host the first-annual Mocktail-gate in a tailgate style setting, students were taught the importance of safe drinking, bystander intervention, personal health, and more. Campus and community partners facilitated educational activities for students.

Outreach

OSU staff members consistently reach out to members of the OSU and Stillwater community for presentations to raise awareness of the risk associated with alcohol and drug abuse.

Police Outreach

OSUPD has assisted in over 100 programs to explain the personal and legal consequences of getting involved with alcohol and other drugs. These programs discussed responsible consumption habits, drunk driving simulation, and what role do the police play in these incidents. The police have reached several areas on campus including Residence Halls, Greek Houses, and general programming efforts alongside Student Affairs.

Presidential Leadership Council Discussion

Presidential Leadership Council facilitates a “family discussion” in which they discuss the responsibility of following the law as leaders which includes abstaining from alcohol consumption until the age of 21.

S.M.A.R.T. Campaign

Oklahoma State University has provided various promotional materials aimed at educating students about the illegal use and abuse of alcohol through its S.M.A.R.T. Campaign. S.M.A.R.T. stands for:

- Set and know your limits.
- Make a plan before you go.
- Appoint a sober driver.
- Responsible means over 21
- Think before you drink.

Student Conduct provides an online S.M.A.R.T. session for students who have been found responsible for violating the alcohol provision of the Student Code of Conduct.

Sober Monitor Training

Fraternity & Sorority Affairs developed and implemented sober monitor training for alcohol-involved fraternity and sorority sponsored events. Prior to hosting any event which alcohol is available, at minimum of 50% of chapter membership must complete the online training available in Maxient.

Spring Break Field Day

Students were invited to the Spring Break Field Day to learn tips on how to stay safe during Spring Break. Campus and community partners worked together to host a free mocktail bar, drunk goggle demonstrations, auto safety education, drug and alcohol resources, and much more, all showcased in a field day style format. A pre- and post-assessment showed that the event significantly improved students' confidence and skills in recognizing and intervening in

alcohol/drug overdose and sexual assault situations and enhanced their understanding of safe sex practices and safety planning.

1 is 2 Many

The 1 is 2 Many campaign outlines a clear message that one victim is too many and that Oklahoma State does not condone any form of sexual violence in our campus community. All incoming students regardless of classification must complete an online training, while this training is focused on sexual violence prevention, it does contain components related to the effects of alcohol and other drugs.

Peer Education Initiatives

Greek 100

A student organization advised by Fraternity and Sorority Affairs requires all fraternities and sororities have 95% attendance at various peer-led educational presentations. Up to 100 fraternity and sorority members are the peer educators for presentations on alcohol and drug education, hazing prevention, mental health, and sexual violence.

IFC alcohol checks and Gameday Tailgates

To ensure fraternities comply with the IFC alcohol policy prohibiting alcohol on property, IFC completes IFC compliance checks. Violations of the IFC policy are addressed through the IFC judicial process. In addition, compliance checks are also conducted during home football games for IFC organizations who host tailgates which must abide by OSU Game Day and IFC governing policies. Each tailgate must be registered with the Office of Fraternity & Sorority Affairs and be in compliance with IFC policy including but not limited to: alcohol under 15% ABV, trained sober monitors, and prohibit a common alcohol source.

Share the W.E.A.L.T.H. Peer Health Education Program

Share the W.E.A.L.T.H. was a peer health education program established in response to the health issues concerning Oklahoma State University students. W.E.A.L.T.H. stands for Wellness Educators Advocating Lifestyles Toward Health. The program was comprised of trained OSU students who promote positive health behaviors, increase awareness of campus and community resources, encourage the use of critical thinking during decision-making process and create a support network for students. Peer educators developed, implemented, and evaluated health education and awareness presentations and facilitate small and large group programs. Some topics include alcohol awareness, stress management, nutrition, sexual health, prescription drug use, and sleep hygiene. While this program has been inactive since spring 2020, there are plans to reinstate this program in the next calendar year.

Student Wellness Presentations

Student Wellness Presentations are provided to a variety of campus groups and organizations including participants in UNIV1111 Freshman Seminar courses, residence within OSU Housing and Residential Life, and members of Greek organizations. Presentation topics include alcohol

awareness, stress management, mental health, nutrition, body image, physical activity, personal safety, tobacco, and sexual health. All programs are approximately 40 minutes in length.

Administrative Contributions

Care Team

The focus of the Care Team is to take a proactive approach when identifying students who are in distress and provide them with resources, interventions (early), and referral agencies on campus or in the community. The role of this team is to help students who may be in distress or experiencing challenging or difficult life circumstances. In addition, the case managers directly serving on the Care Team are embedded within each of OSU's 5 Academic Colleges to serve students directly.

Responsible Sales and Service Training

Staff members from Department of Wellness offer responsible sales and service training for local alcohol vendors. This training address selling and serving considering state and local laws, checking identifications, and risk reduction of overserving.

Home Football Games

Student Conduct in conjunction with Oklahoma State University Athletic supports and aids in behavioral concerns of students involving the illegal consumption of alcohol at home football games. Student Conduct employees work with OSUPD to eject intoxicated students who have violated alcohol policies from the stadium. The staff will meet with these students in the coming weeks and if they are found responsible will give students specific sanctions related to game day. Some of these sanctions include Sobriety Check-in station, and a SMART alcohol education online course.

Prescription Drug Drop Box

OSU hosts a prescription drug drop box inside the lobby of University Health Services. During the Spring semester, The Department of Wellness partners with UHS to host a Medication Take Back Event in conjunction with the Drug Enforcement Agencies National Take Back Day.

Higher Education Prevention Services Grant

The Oklahoma State University Higher Education Prevention Services Grant has provided us the opportunity to connect with OSU's student body to provide awareness and resources for opioid and stimulant misuse and abuse. We are able to disseminate educational material on overdose prevention, naloxone administration, safe storage of medication and access to substance use disorder treatment services and resources.

Policy Inventory

The following policies are those university policies that pertain to the purpose of this report.

Event Policy – 3.12 (OSU/A&M Board of Regents)

The consumption, possession or service of beer, wine and alcoholic beverages on the university/college campus, in university/college facilities and in university/college housing to include sorority and fraternity housing) is prohibited, except by persons of legal drinking age in the locations and under the circumstances set forth below. However, even in those locations and circumstances where beer and wine or alcoholic beverages may be allowed as an exception to the general policy, the following guidelines apply and must be followed:

1. No social event shall be called by a name that implies alcohol as the only beverage to be offered. (e.g., wine and cheese reception).
2. Whenever alcohol is served at an event as authorized below, there must be readily available non-alcoholic options.

OSU-Stillwater

- The privacy of Family and Graduate Student Housing.

Nothing contained herein shall be construed to allow beer, wine, and alcoholic beverages to be sold in or adjacent to athletic facilities, unless sold by an entity properly licensed by the State of Oklahoma and authorized by the Athletic Director to do so. The Athletic Director shall apprise the Board CEO and Board Chair before authorizing such sales in any new athletic facility or venue.

- At special events and functions in university facilities or on university property as approved by the OSU President, or his/her designee. All alcoholic beverage services must be provided by an entity licensed by the State of Oklahoma to purchase and serve alcohol to the public.
- The tasting of wine, beer and/or spirits in the classroom as a legitimate and strictly controlled part of the requirements of courses offered in the School of Hospitality and Tourism Management provided such activities are approved by the Provost/Chief

Academic Officer and are a part of the approved curriculum and authorized class and that such activities are conducted during the regular class periods under the supervision of university approved instructors.

- Production of grape and fruit wines at the Robert M. Kerr Food and Agricultural Products Center (FAPC) and sensory evaluation and laboratory quality testing of wines, either 14 produced in the FAPC or received from industry, are permissible provided that such activities are undertaken for the purpose of supporting approved viticulture and enology teaching, research and outreach activities, and are conducted under the control and supervision of assigned faculty. The approved areas in the FAPC are the Second Floor Processing Area and the Sensory Evaluation Rooms (149, 150, and 151).

Organization Policy – Alcohol (Organization Code of Conduct, II.8)

Alcohol: Student organizations that serve or permit possession of alcoholic beverages at student organization functions, on or off campus, must comply with all applicable local, state, and federal laws. This includes serving or allowing minors access to alcohol or providing alcohol to an inebriated individual. Organizations that choose to host social events with alcohol must fully comply with the third-party vendor guidelines or with Bring Your Own Beverage (BYOB) guidelines.

Third Party Vendor Guidelines

The vendor must:

1. Be properly licensed by the appropriate local and state authority. This might involve a liquor license to sell on the premises where the function is to be held.
2. Be properly insured with a minimum of \$1,000,000 of general liability insurance, evidence by a properly completed certificate of insurance prepared by the insurance provider including off premise liquor liability coverage and non-owned and hired coverage, insure the student organization hiring the vendor.
3. Agree in writing to cash sales only, collected by the vendor, during the function.
4. Assume in writing all responsibilities that any other purveyor of alcoholic beverages would assume in the normal course of business, including but not limited to:
 - a. Checking identification card upon entry.
 - b. Not serving minors.
 - c. Not serving individuals who appear to be intoxicated.
 - d. Maintaining absolute control of all alcoholic containers present.
 - e. Collecting all remaining alcohol at the end of a function (no excess alcohol—opened or unopened—is to be given, sold or furnished to the organization).
 - f. Removing all alcohol from the premises.

Bring Your Own Beverage (BYOB) Guidelines

1. Individuals of legal drinking age may bring six individually, pre-packaged, standard drink size beverages for personal consumption. The presence of alcohol products above 15% alcohol by volume (“ABV”) is prohibited at any event. Any beverage combined

with caffeine such as Four Lokos are prohibited. See information about standard drink size and common beverages below 15% ABV.

2. Individuals of legal drinking age that choose to bring an alcoholic beverage for personal use must drop off their beverages upon entering the event. Their beverages shall be clearly marked with their name.
3. When alcohol is dropped off to the assigned distributors the individual's identification must be checked for legal age to drink and then provided a non-adjustable wristband.
4. Alcohol must be contained in one central location and should only be accessed by assigned distributors. The alcohol should not be accessed by guests.
5. Distributors of the alcohol shall be of legal drinking age and sober during the entire event. Distributors must be trained and cannot be sober monitors. There should be 1 trained distributor per 50 attendees that are of legal drinking age.
6. When individuals would like to consume one of the beverages they brought, they will need to visit the assigned distributor and show their wristband. The assigned distributor should mark their wristband with an X signifying the accumulated number of drinks provided.
7. Only one beverage may be acquired at a time.
8. Left-over alcohol can be picked up only by the individual that brought the alcohol at the end of the event.

Commonly Below 15% ABV

- Beer (except craft beers, which are often above 15% ABV)
- Wine (most standard red or white wines)
- Champagne, Prosecco, Asti, Cava
- Malt Beverages (i.e. Bacardi Silver, Mike's Hard Lemonade, Zima, Smirnoff Ice, etc.)

- Hard Seltzer (White Claw, Truly, Spiked Seltzer, Barefoot Spritzer, etc.)
- Pre-Mixed items (Bud Light Ritas, Skinny Girl Margarita, ELS Iced Coffee/ Iced Chocolate, etc.)

Organization Policy – Drug (Organization Code of Conduct, II.9)

Drugs: Student organizations must not possess, use, share, sell or otherwise distribute any state or federally controlled drug or substance on or off campus. While the use of medical marijuana is legalized in the state of Oklahoma, federal law continues to prohibit marijuana. Therefore, the possession or use of prescribed medical marijuana is prohibited in university approved housing and at organization-sponsored activities. This includes purchasing or consuming tobacco under the age of twenty-one.

- The organization, members, and guests must follow federal law regarding illegal drugs and controlled substances.
- No person may possess, use, provide, distribute, sell and/or manufacture illegal drugs or other controlled substances while on chapter/organizational premises or at any activity or event sponsored or endorsed by the chapter/organization.

- Any event or activity related to the new member joining process (e.g., recruitment, intake, rush, etc.) must be substance-free. No alcohol or drugs may be present if the event or activity is related to new member activities, meetings, or initiation into a 7 organization, including but not limited to “bid night,” “big/ little” events or activities, “family” events or activities and any ritual or ceremony.

IFC Alcohol (IFC Constitution Article XV, Section VIII)

The use and association of alcohol, illegal substances, or tobacco at any chapter or council community service or philanthropic event is strictly prohibited.

Fraternity and Sorority Affairs Dry Recruitment Policy – Fraternity

No fraternity, organizational member, or potential new member may distribute, consume, or possess alcoholic beverages at any recruitment function.

Fraternity and Sorority Affairs Dry Recruitment Policy – Sorority

All recruitment activities associated with any chapter, without regard to location, will be dry functions (I.e., alcohol and substance-free).

Fraternity and Sorority Affairs – Dry Housing

Fraternity and sorority housing located in the Greek Neighborhood, adjacent to campus is considered approved campus housing and therefore all chapter property and adjoining streets and alleys are always alcohol and substance-free,” similar to Housing & Residential Life alcohol and drug policies.

Tailgating Policy

Any OSU fraternity or sorority who wishes to participate in pre-sporting social events (tailgating) that are not contracted by Oklahoma State University Sponsored partners, must fully register, and comply with OSU, Fraternity & Sorority Affairs, IFC, and any (inter) national regulations. All events must adhere to OSU Athletics tailgating policy. In addition, no organization can provide a common source of alcohol and must adhere to the Student Organization BYOB Alcohol Policy (with some exceptions).

Housing and Residential Life – Alcohol Policy

Housing and Residential Life policy prohibits the possession of empty alcohol containers. Underage residents may not knowingly be in the presence of alcohol or under the influence of alcohol while residing on campus.

Housing and Residential Life – Drug Policy

Drugs are prohibited in all our communities. Housing and Residential Life supports drug-free environments to help ensure comfortable, safe, and successful communities. In addition to the Code of Conduct, Housing and Residential Life policy prohibits the use, consumption, possession or being under the influence of drugs.

Student Code of Conduct – Alcohol Policy (II.30)

Consuming, possessing, manufacturing, distributing, selling, or serving alcoholic beverages on university premises (including residence halls and sorority and fraternity housing) or at university-sponsored activities regardless of age, except as expressly permitted by university

policy. Knowingly being in the presence of alcohol where it is not permitted on campus is also prohibited. The following are also violations on or off campus:

- h. Possession or use of a fake ID
- i. Underage in possession of alcohol
- j. Underage in a liquor (package) store.

Lawful and responsible alcohol consumption is permitted only in designated areas of the OSU campus, properties, and facilities as authorized by the Board of Regents.

Student Code of Conduct – Drug Policy (Student Code of Conduct, II.31)

Acting or intending to act to illegally use, possess, sell, share, distribute, cultivate, manufacture or be under the influence of any state or federally controlled drug or substance. Possessing drug paraphernalia. Inhaling or ingesting any substances (e.g., nitrous oxide, glue, paint, etc.) that will alter a student's mental state. Knowingly providing a location for individuals to possess or consume drugs, or knowingly being in the presence of drugs are also prohibited. While the use of medical marijuana has been legalized in the state of Oklahoma, federal law continues to prohibit marijuana. Therefore, the possession or use of prescribed medical marijuana is prohibited on campus property and at University-sponsored activities.

Student Code of Conduct – Good Samaritan (Student Code of Conduct, I.F)

The university may offer amnesty for minor conduct violations to (1) a student who may have committed a minor violation at the time of a more serious incident or (2) a student who offers help to those who need medical assistance. If amnesty is offered, educational options may be explored, but no conduct actions or record will result.

Intercollegiate Athletics Drug Testing

Student-athletes are subject to drug testing within the parameters set forth by this policy. Screening will generally be done by a certified laboratory. Individuals will subject to undergo drug testing for the following: component of pre-participation exam, random selection, reasonable suspicion/for cause, testing for an entire athletic team, periodic monitoring or aftercare.

Employee Policy

In accordance with the Drug-Free Workplace Act of 1988, Oklahoma State University hereby notifies all employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the workplace. Any employee found to have violated this prohibition may be subject to disciplinary action up to and including dismissal or be required to satisfactorily participate in a drug abuse assistance or rehabilitation program as a condition of continued employment. The drug abuse assistance/rehabilitation program shall be one that has been previously approved for such purposes by a federal, state, or local health, law enforcement or other appropriate agency. The imposition of such disciplinary action or requirement to satisfactorily participate in a drug abuse assistance/rehabilitation program is premised solely upon a violation of this prohibition and does not require a criminal conviction. As a condition of employment at Oklahoma State University, all employees will:

1. Comply with the terms of this statement; and
2. Notify the University (through either their immediate supervisor, other supervisory administrator or project director) of any criminal drug statute conviction for a violation occurring in the workplace in writing no later than five days after such conviction.

Such conviction may, of course, result in the employee being disciplined or required to satisfactorily participate in a drug abuse assistance/rehabilitation program as 1-1205.5 specified above. Failure of an employee to report his/her conviction, as required herein, constitutes grounds for dismissal. As a further requirement of the Drug-Free Workplace Act, the University has established a drug-free awareness program for the purpose of informing employees about the dangers of drug abuse in the workplace, the University's prohibition of controlled substances in and on OSU property, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed for drug abuse violations. An Employee Assistance Program has been created in furtherance of the drug-free awareness program. Information about the drug-free awareness program and the Employee Assistance Program may be obtained from University Counseling Services. Reference is made to Policy and Procedures Letter 1-1205 and the Drug-Free Workplace Act of 1988 as sources of information and clarification.

Accountability Procedures and Sanction Index

Student Conduct Process

The responsibility for the campus student conduct system is delegated from the Board of Regents for Oklahoma State University to the Vice President for Student Affairs through the President. The Vice President for Student Affairs further delegates authority for student conduct to Student Conduct, Housing and Residential Life, and designated conduct officers. The goal is to resolve cases by the lowest appropriate authority for maximum educational benefit. To attain this goal, the University utilizes three types of conduct procedures to appropriately address alleged violations of the student code of conduct.

- **Meeting:** Upon determining that sufficient evidence exists to believe that a violation of the Student Code of Conduct may have occurred, the Director of Student Conduct, or another conduct officer with jurisdiction, will notify the student in writing of the alleged violations against them.
- **Hearing:** Hearing procedures are provided for allegations against an individual where suspension from the university is possible, if found responsible. Cases of suspension and expulsion are only processed through Student Conduct.
- **Committee Hearing:** Hearing procedures are provided for allegations against a student where suspension or expulsion from the university is possible, if they are found responsible.
 - The Student Conduct Committee Panel Hearing shall consist of three disinterested members — one faculty member, one student member and one staff member — selected from the Student Conduct Committee.

Possible Student Disciplinary Sanctions

The following sanctions listed are potential sanctions that students could be assigned if they are found responsible for alcohol or other drug violations. These sanctions are all listed below. The office also has the right to add appropriate sanctions.

Alcohol and Drug Assessments: Oklahoma State University offers students the ability to take Alcohol and Drug Assessments from licensed professionals in our Alcohol and Substance Abuse Center located in University Counseling Services. Depending on the severity of the violation, students may be sanctioned to complete an Alcohol and Drug Assessment. Upon completion of this assessment, any recommendations from the counselor will become the student's new sanctions. Below are the three types of Alcohol and Drug Assessments assigned.

- **Alcohol and Drug Assessment A:** \$160 ADSAC/DUI assessment for DUI or drug-related offenses that results in loss of driver's license. This appointment takes 2 hours.
- **Alcohol and Drug Assessment B:** \$ 100 Court-ordered drug/alcohol assessment for criminal charges that will not result in loss of driver's license (PI, UIP, fake ID, TOC). This appointment takes an hour and a half.
- **Alcohol and Drug Assessment C:** \$50 Non-court ordered University Assessment – Not accepted in court. This appointment takes an hour.

Conduct Expulsion: Termination of student status for an indefinite period. Students who are expelled from Oklahoma State University are not permitted on campus or in university buildings, facilities, or activities at any time for any reason, unless otherwise permitted by the Director of Student Conduct. Notation on the transcript is not made; however, a permanent record of the action is maintained in the student's record in the Registrar's Office. If a transcript is requested, a letter will be sent with the transcript to the requesting party/institution stating the student has been expelled for conduct reasons. Only unofficial transcripts will be released to the student directly. Expulsion becomes a permanent part of a student's conduct record. Any refund of tuition or fees will be subject to the university's normal withdrawal policy.

Conduct Probation: A specified period (of time) during which the student is placed on formal notice that they are not in good standing with the university and that further violations of university regulations will subject them to suspension or expulsion from the university. **Conduct Suspension:** The exclusion from enrollment in classes and other privileges or activities for a definite period not to exceed three years and until the conditions which are set forth in the hearing outcome letter are met. Students who are suspended from Oklahoma State University are not permitted on campus or in university buildings, facilities, or activities at any time for any reason during the period of suspension, unless otherwise permitted by the Director of Student Conduct. Notation on the transcript is not made; however, a record of the action is maintained in the student's record in the Registrar's Office. If a transcript is requested during the period of suspension, a letter will be sent with the transcript to the requesting party/institution stating the student is under suspension for conduct reasons. Only unofficial transcripts will be released to the student directly. Any refund of tuition or fees will be subject to the university's normal withdrawal policy.

Football Sobriety Check-in: Students that are found to be responsible for alcohol violations relating to home football games, are assigned this sanction. They are required to be always sober while in the stadium for any future home football games they go to for the remainder of the season.

Marijuana Education Class: Through the completion of the Marijuana Education Class a student will be able to:

1. Develop strategies for reducing the risks associated with marijuana use.
2. Understand the federal, state, and local laws surrounding marijuana.
3. Explore the impact marijuana may have on success at Oklahoma State University now and in the future.

Parental Notification: Oklahoma State University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly alcohol and other drug violations. The university may also notify parents/guardians of non-dependent students who are under the age of 21 of alcohol and/or other drug violations. Parental notification may also be utilized discretionarily by administrators when permitted by FERPA or consent of the student.

Residence Hall Status Change: The university can alter a student's access to residence halls in five ways:

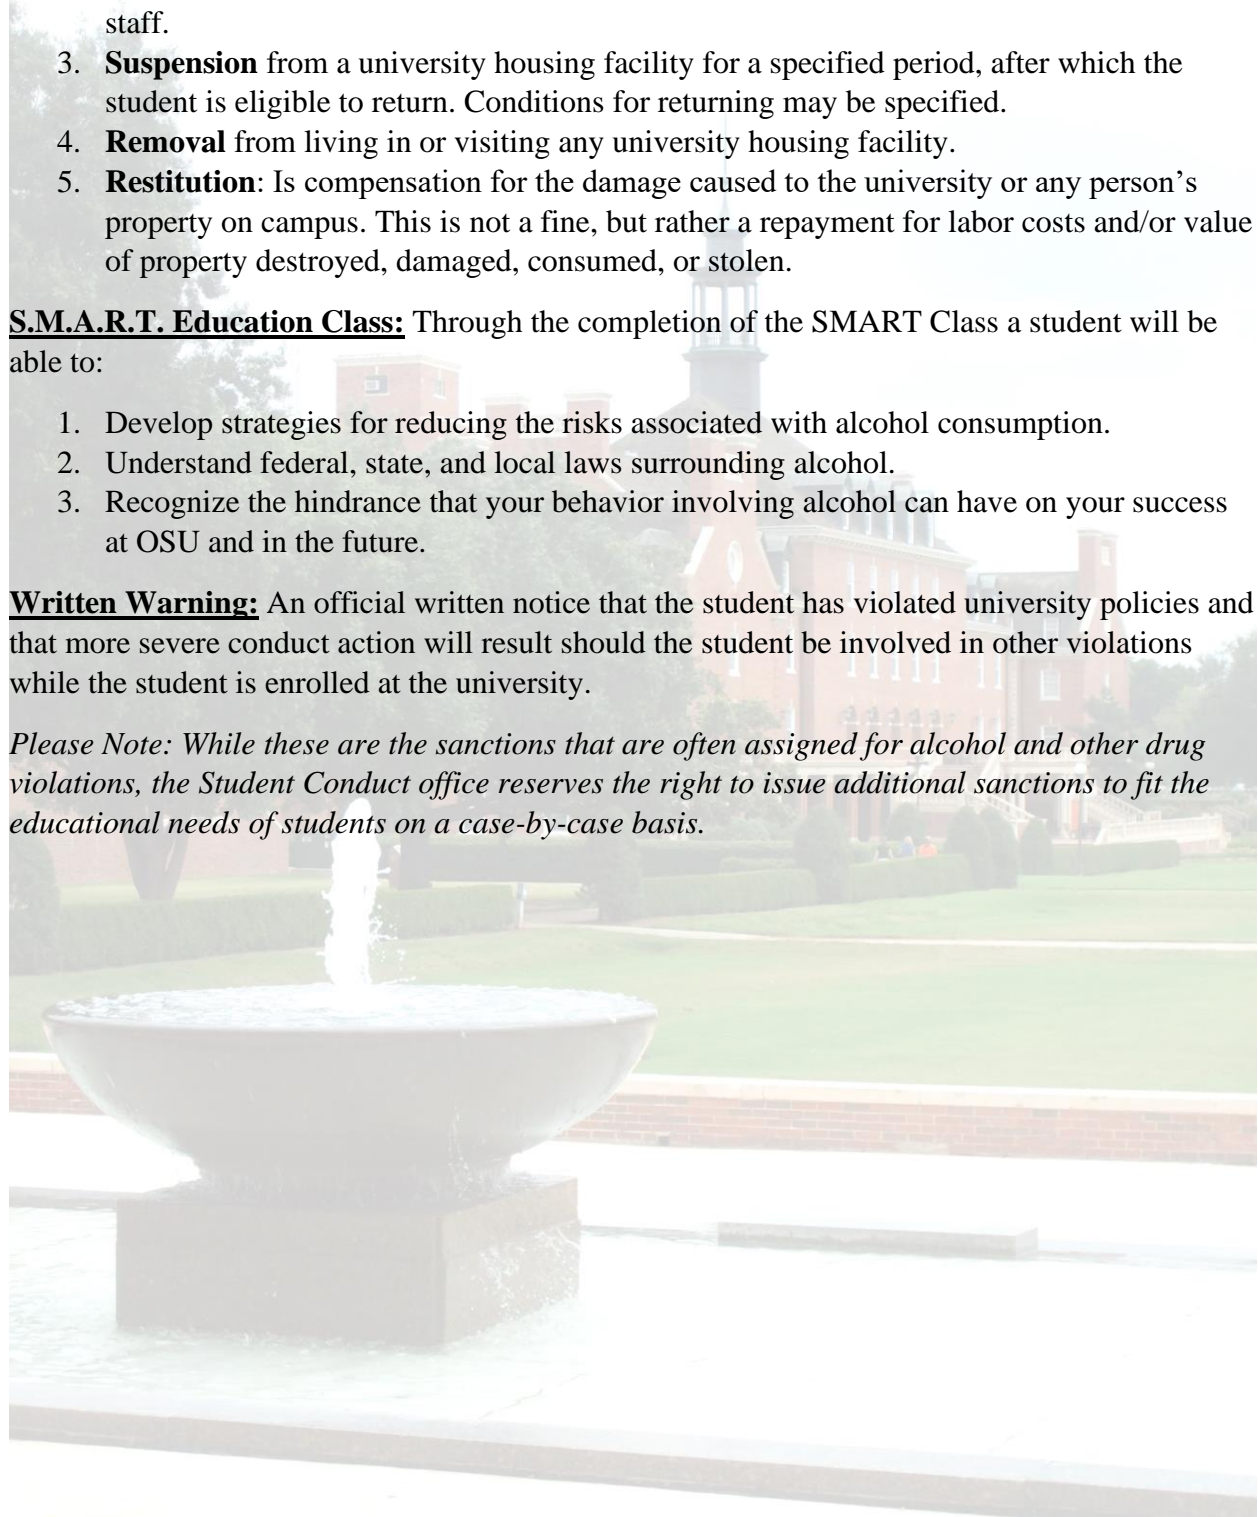

1. **Restrictions** on visitation to specified buildings or all university housing.
2. **Reassignment** to another university housing facility as determined by Residential Life staff.
3. **Suspension** from a university housing facility for a specified period, after which the student is eligible to return. Conditions for returning may be specified.
4. **Removal** from living in or visiting any university housing facility.
5. **Restitution:** Is compensation for the damage caused to the university or any person's property on campus. This is not a fine, but rather a repayment for labor costs and/or value of property destroyed, damaged, consumed, or stolen.

S.M.A.R.T. Education Class: Through the completion of the SMART Class a student will be able to:

1. Develop strategies for reducing the risks associated with alcohol consumption.
2. Understand federal, state, and local laws surrounding alcohol.
3. Recognize the hindrance that your behavior involving alcohol can have on your success at OSU and in the future.

Written Warning: An official written notice that the student has violated university policies and that more severe conduct action will result should the student be involved in other violations while the student is enrolled at the university.

Please Note: While these are the sanctions that are often assigned for alcohol and other drug violations, the Student Conduct office reserves the right to issue additional sanctions to fit the educational needs of students on a case-by-case basis.

Annual Policy Notification Process

OSU issues the annual disclose to all employees and students through a variety of methods:

- University Handbooks
- New Employee Packet
- Annual Notification with Clery Act
- Email Sent to Students and Employees

Reflections on Previous Recommendations

The following recommendations were considered from the previous Biennial report.

- Establish a committee of relevant partners to meet monthly to contribute to preparation of the next Biennial report.
- Based upon outcome data, consider how underutilized conduct sanctions can be utilized more effectively or revised.
- Develop a survey, distributed electronically, to gauge the types of programming that the current student population at Oklahoma State would be receptive to.

Summary and Recommendations for the Future

Progress has been made towards each of these recommendations. However, additional effort could be made so they will be considered as useful recommendations for the future.

- Research the effectiveness of individual sanctions surrounding alcohol and drug violations on campus and measure their effectiveness in contrast with how many students have multiple engagements with student conduct or university police.
- Identify successful peer-to-peer mentoring opportunities to encourage students to educate themselves on the negative effects of alcohol and drug abuse.
- Expand student mandatory training to cover the topics of alcohol and drug abuse to give students foundational education on the risks before they can encounter substances that could pose a danger.
- Encourage consistent and timely data collection to quickly identify trends that students are facing on campus and discover new ways to address student issues in real time.
